

Connecting and developing  
HE professionals

## AUA Consulting

AUA Consulting is about helping you develop and implement best practice across the student lifecycle. It is a new development in the higher education sector, initially operating on a pilot basis during 2018.

### What is AUA Consulting?

The AUA is a thriving community of higher education leaders, managers and administrators with a passion for professional best practice. Consultants are experienced HE practitioners, bringing you expertise from across the sector, representing a wide spectrum of HE professional portfolios.

We can support you with consulting across the complete student lifecycle including:

- Academic regulations and quality reviews
- Student and academic administration reviews, e.g. Registry, Faculty, Department structures
- Review quality processes and regulations, including for professional doctorates
- Admissions and recruitment
- Audit of preparedness for UCAS Exam Board Linkage
- Tailored CPD for your professional services staff
- UKVI Tier 4 advice and support
- Corporate and academic governance
- Student affairs
- Advice on statutory student data returns

### What distinguishes AUA Consulting?

AUA Consulting offers you distinct advantages over other consulting options. While various existing providers offer consulting in the HE sector, ranging from large multi-national firms to individuals operating alone, using AUA Consulting gives you both the confidence of working with a long-established trusted partner in higher education and the ability to hire the specific expertise that is required to deliver a project. Our unique offer includes:

1. AUA consultants are embedded in practice with broad experience of the realities of working in the UK higher education sector
2. AUA Consulting is a service for the sector from the sector. With AUA you are accessing a strong network of expertise with a professional heritage of over 55 years supporting UK higher education and delivering competitive advantage
3. Our consultants are AUA members fully committed to our [professional values and behaviours](#)
4. AUA Consulting is a specialist in higher education management and administration
